SPRING/SUMMER 2026, SESSION #03

***** MESSAGE FROM THE OPERATOR (SPIKE) *****
02 Jul 2026, By Spike Lewis, re: Monday Nights FMP, Bank Shot, 7ft. Tables

(Newest notes highlighted in red or purple)

GENERAL NOTES (Session #03):

• The Session

- Kudos Korner: Every now and then, I like to give credit where credit is due. Therefore, I would like to recognize a few teams, captains, and/or people playing in the league.
 - First up is Sam Williams! I love the way his packet is always accurate, completely and properly filled out, and he is focused on getting started on time and his packet turned in at the end of the night (I don't have to track him or his packet down at the end)!
 - Next up is Nate Webb! If I gave a medal for most improved in their game, it would have to be Nate. The record doesn't always show accurately from where a person came. Nate has come a long way! He's got more to do, and if he focuses on the right things (and knows what to work on), he will get even better. Half the battle is desire! That's there!
 - Next is Lee (Henry)! Always happy, always looking to improve. Striving to be a better iteration of himself! He's got to work on a few things in his game (I can help), but I like what he's doing with his team!!
 - Last, but not least, is Ellie! Ellie can shoot! And she WILL get better. Slowing down and employing tactics that give her better cue ball control and she will be one of the ones on the top of the FlowMasters MVP board!
- Captains: Please ensure you fill out the money packet correctly. I see, all too often, little smalls errors that cause me extra time and pain. Remember, you get an admin point for filling out the packet correctly. If your packet contains errors, you force my hand in taking away a point, and that point could make all the difference in the world as far as your standing in the league.
- Things are going well. Good job to all!!
- Please note (notice) that we have changed the way in which teams and players are sorted. It now aligns more with the way other professional sports teams and amateur pool leagues like TAP and APA sort their teams/players.

ADMIN (Session #03):

- Nothing Significant to Report (NSTR).
- Ahhh, the memories.
 - No pics for this week. Check here and on Facebook (FMP League) to see if your pic is/pics are there!
- Rules Highlights.
 - Nothing Significant To Report (NSTR).
