\*\*\*\*\* MESSAGE FROM THE FMP LEAGUE OPERATOR (SPIKE) \*\*\*\*\*

03 March 2026, by Spike Lewis, re: Monday Afternoons FMP One-Pocket, Triple 9's, 9ft. Tables

(Newest notes are highlighted in red or purple!)

Flow Masters Pool League One-Pocket – the only One-Pocket league in Maryland (likely, the East Coast)!

## GENERAL (SESSION #7)

- We must say good bye to Junaid Ali. Gonna miss that dude! He was/is good people! And his game was nice too! Much luck and much love to you and in the future – new job, pool, family, and life! We hope to see you playing Flow Masters again soon!
- **Nothing Significant to Report (NSTR) this time.** But I did want to leave last week's notes up!
  - Personal Performance Adjustment (PPA). A PPA is a mechanism used to adjust a players ball count, based on his good or not so good performance.
  - Handicap Adjustment (Hdcp Adj). A Hdcp Adj is a means to adjust directly a player's assigned skill level. It is based on a player's good or not so good performance.
  - Individual PPAs and Hdcp Adj.
    - Jimmy Varias has a PPA of 4, meaning 4 balls are subtracted off his opponent's needed ball count.
    - Rob Armstead has a PPA of 2, meaning 2 balls are subtracted off of his required ball count.
    - Lynn Richard currently has a Hdcp Adj of -1.
    - Jack Hennessy currently has a Hdcp Adj of -1.
    - Hdcp Adj's are re-evaluated every 5 weeks and are always based on player performance.
- When to Spot Up Balls.
  - There seems to have been a little bit of confusion regarding when it becomes necessary to spot up a ball (or not) based on the skill level match-ups and their necessary ball counts. It only becomes necessary for a player to spot a ball back up when the combined ball count for the two players exceeds 16.
  - For example, in a 9-7 race, the ball count is 16 and, therefore, no balls need to be spotted up. But, for a race that is 14-4, we see that when the two balls counts are added the total is 18, which exceeds 16 by 2 balls. Therefore, the player needing to get to 14 would need to spot up 2 balls.

## ADMIN/FEES (SESSION #7)

- **Absences/Missed Matches.** To date, we have experienced [34] cumulative absences, totaling [\$510] in lost revenue! The recaptured revenue goes directly toward increasing the playoffs award fees.
- **Green Fees.** To date, we have paid Triple Nines a total of [\$748] for Green Fees for table use.

10013	Rob Armstead	5	25	0	9	9	0%	1	26	27	4%	4	
Match Misses Count												34	

Sort order, which also determines MVP order, by skill level is: Handicap, followed by most Matches Won, followed by Total Matches played, followed by most Games Won, followed by Total Games played, followed by fewest Matches Lost, followed by fewest Games Lost, followed by lowest ID (oldest member ID).

	= Red in Matches/Games section means "ineligible to participate in playoffs!"
	= Must pay missed match fees (\$75) to be eligible to participate in playoffs! Or play make-ups to make up their missed matches.
	= New/late players come in one point below the lowest in their skill level!
HDCP	= Handicap
HRC	= Handicap Range Count
MWP	= Match Win Percentage
GWP	= Game Win Percentage
\$	= Annual Dues due (\$35)

HDCP RANGE		
SL	SL RANGE	NEW
SL8	38 - 45	40
SL7	32 - 37	35
SL6	27 - 31	30
SL5	20-26	25

**Based on who has played who thus far, coupled with the fact that the list is close to having all play all, I can sorta guess, who might play who (IF YOU ALL SHOW UP!) Here's who might play who on Monday. Naturally, if folks don't show up, then it's back to super random selection at the drawing board ( Monday admin table).**
